

Quoting will now be easier than ever!

E-Tempest Presents... Quoting Version 2.0

Quoting Version 2.0 is Here! We've redesigned the process of Quoting Hurricane Shutters from the ground up based on Your Ideas and Suggestions. The new Quoting System is faster, more flexible and easier to use than ever before. The new version will bring you Quoting in a way you've never seen before.

New Features for Version 2.0

1 Much Simpler Product Setup

Now it's easier to add new Products to your Price List or quickly maintain and compare prices on existing Price Lists. The Product Setup now includes colors available for each Shutter Type.

2 Importing Coverage Charts

Now you will be able to easily import Panel and Accordion coverage charts directly from a spreadsheet.

3 Managing Options is Easier than Ever

The new Option System gives you one place to manage your options and prices for all your price lists.

4 Print your Price Lists

You can now use the E-Tempest Software to print a professional Price List Including your Products, Options and Additional Costs.

5 Easily Enter Openings

Using the Entry System perfected in both the Accordion and Panel Calculators you can now be finished with your Quote in under 5 minutes.

6 Automatically Calculate Sales Tax

Specify Products and Options as taxable or non-taxable so you can calculate sales tax quickly and painlessly.

7 Compare Different Shutters

You can see the prices for the different Shutter Types immediately after you enter the opening size. All Shutter prices will be calculated in real time based on their appropriate size additions and schedules.

8 View a Quote using different Price Lists

You will now be able to select the Price List you want to use for a particular Quote at any time.

9 Include Other Documents

Include both Floor Plans and Notices of Commencement in the Quote Pack you prepare for your customer.

10 Easily Change Prices and Analyze the Results

The New E-Tempest Quoting tool is Built around a powerful pricing analysis system that allows you to easily modify the price of any opening, product or option while giving you live feedback about how your changes effect the overall Quote as compared to the List Price.

11 Multiple Quote Documents to Choose From

Choose the look that is best for your company or for an individual job. Different Quote Documents allow you to personalize your sales presentation.

12 Fully Integrated with E-Tempest Permitting

Now it will be easier than ever to generate Permits, Design Pressure Reports, NOC's, Floor Plans and Shutter Worksheets once a Quote is accepted.
